**CHANGE DESCRIPTION (FROM/TO):**

D030725-A BSC Boot Installation Plate: Tooling fixture for installation and initial positioning of the boot. The attachment plate is bolted on to the installation plate which is secured on to the housing by bolted side supports.

D030726-A HAM Boot Installation Plate: Same function as described above, but designed for the HAM attachment plates.

D030727-A Boot Installation Support Fixed Side: Bolts onto the housing by 3/8-16 bolts using the same tapped holes as for the housing stiffeners. The plate is then bolted on to the support by ½-20 bolts.

D030728-A Boot Installation Support Adjustable Side: Same function as described above, but sideways adjustable.

**REASON FOR CHANGE:** No change, but a release notice. Fixtures for installing the boot onto the housing.

**ACTION:**
- Incorporate Change
- Attach DCN to Drawings
- Other Action (specify): Manufacture parts prior to HEPI installation.

**DISPOSITION OF HARDWARE (IDENTIFY SERIAL NUMBERS):**

- No hardware was affected (record change only):
- List S/Ns which comply already:
